

DRAYTON MANOR HIGH SCHOOL

HOLOCAUST SURVIVOR – HARRY OLMER

6 March 2020

It was a pleasure to welcome Harry Olmer back to the school to share with our Year 11 students his experiences of growing up during the Holocaust. His personal and honest account gave students a greater understanding of one of the most heinous crimes in history as seen through the eyes of someone who lived through it and survived.

Here is one student's reaction to Harry's visit.

'I am very thankful for the opportunity to listen to Harry talk about his life. I was even more grateful to personally meet him and ask him questions. It was very eye opening to me and my fellow peers to listen to Harry, and the experience changed the mind set of all of us sitting in the School Hall' Kaitlyn Robinson 11F
