

DRAYTON MANOR HIGH SCHOOL

CORONAVIRUS CATCH-UP PREMIUM

GOVERNMENT GUIDANCE FOR FUNDING

In June 2020 the Government announced £1 billion of funding to support children and young people to catch up on missed learning caused by coronavirus (COVID19). This is especially important for the most vulnerable pupils and pupils from disadvantaged backgrounds who we know have been most affected. This funding includes a one-off universal £650 million catch-up premium for the 2020 to 2021 academic year to ensure that schools have the support they need to help all pupils make up for lost teaching time.

USE OF CATCH-UP FUNDING

Schools should use this funding for specific activities to support their pupils' educational recovery in line with the curriculum expectations in the [actions for schools during the coronavirus outbreak guidance](#).

While schools can use their funding in a way that suits their cohort and circumstances, they are expected to use this funding for specific activities which will help pupils catch up on missed learning. Schools should particularly focus on disadvantaged and vulnerable pupils as we know they have been most affected.

To support schools to make the best use of this funding, the Education Endowment Foundation (EEF) has published a [coronavirus \(COVID-19\) support guide for schools](#) with evidence-based approaches to catch up for all students.

To support schools to implement their catch-up plans effectively, EEF has published the [school planning guide: 2020 to 2021](#). This will provide further guidance on how schools should implement catch-up strategies and supporting case studies to highlight effective practice.
