

DRAYTON MANOR HIGH SCHOOL

DIANA AWARD EVENT

11 NOVEMBER 2019

In November, our anti-bullying team attended the Diana Award Event in Alexandra Palace. During it, we discussed anti-bullying and different types of social media platforms such as, TikTok, Instagram, Snapchat, Ubee and Facebook. We talked about what social media platforms are doing to help young adults (and even older people) stay safe on their sites. These included the report button, the block button, the option to disable comments and many other things to keep you safe.

The schools that attended took part in two workshops. One of these workshops was called Street Art. We made a piece of artwork which focused on the quote "Be Original". The whole team worked together on it and we are very proud of the end result.

Not only was this a really fun experience but we also learnt a lot about how to keep ourselves safe on the many social media platforms that are available to us.
