

Curriculum Map

Year 11 Biology

Year 11 Biology			
Date	Week	Lesson 1	Lesson 2
01-Sep	1	Review of knowledge gaps	Hormonal control
08-Sep	2	Control of blood glucose	Treating diabetes
15-Sep	3	Negative feedback	Human reproduction
22-Sep	4	The menstrual cycle	Contraception
29-Sep	5	Infertility treatments	Plant hormones and using plant hormones
06-Oct	6	Required practical 8 plant responses (biology only)	Required practical 8 plant responses (biology only)
13-Oct	7	Controlling temperature	Removing waste products
20-Oct	8	The kidney	Dialysis and kidney transplants
03-Nov	9	AQA Homeostasis and Response Assessment	Reteach weak areas of homeostasis
10-Nov	10	Types of reproduction in organisms	Mitosis recap
17-Nov	11	Meiosis	DNA and genome
24-Nov	12	Protein synthesis and mutations	Protein synthesis and mutations
01-Dec	13	Walking Talking Mock	Revision
08-Dec	14	Mock Exams	
15-Dec	15		

Date	Week		Topic(s)
05-Jan	16	Inheritance and sex determination	Inherited disorders
12-Jan	17	Genetic screening	Variation and Natural Selection
19-Jan	18	Selective breeding	Genetic engineering and ethics
26-Jan	19	Feedback of mock exams	Feedback of mock exams
02-Feb	20	Cloning and adult cell cloning	Mendel, Lamarck and Darwin

DRAYTON MANOR HIGH SCHOOL

09-Feb	21	Speciation	Evidence for evolution, fossils and extinction
23-Feb	22	Antibiotic resistant bacteria	Classification
02-Mar	23	The three domains	AQA Inheritance Assessment
09-Mar	24	Revision (recap weak areas of inheritance)	Revision
16-Mar	25	Revision	Revision
23-Mar	26	Mock Exams	
13-Apr	27	Revision	Revision
20-Apr	28	Revision	Revision
27-Apr	29	Revision	Revision
04-May	30	Revision	Revision + exams start
11-May	31	Revision + exams start	Study Leave
18-May	32
